

Chaos Cards

Do you have a really good memory? Then, you'll no doubt leave all your fellow players trailing behind at "Chaos Cards"! The game is crafted very fast so you can get started with your friends and family in a flash. Have fun!

What you need:

- our template
- a pair of scissors
- optionally crafting cardboard or thick paper and a glue stick
- 1 to 2 fellow players

What you have to do:

1. Print out the two pages with the playing cards and cut all of the cards out. It is best stick them on a piece of cardboard first, so they are more stable.

2. Off we go already:
Shuffle the cards well and lay them face down on the table. The aim is to find two matching cards.

The youngest player begins and is allowed to turn over two cards of his choice. If he finds a pair, he can keep it and is allowed to take another turn. If the two cards are different, he places them face down again and it is the next player's go. Try and remember where which card is lying! That will make it easier to find a pair, when it is your go.

The player who has collected the most cards at the end wins.
